EQUIPPING THE WORLD

CME SUPER ALLOY DIES

PRODUCT SPECIFICATIONS

Experience the next level in milling precision with CME Super Alloy Dies! Our signature features redefine industry standards, ensuring optimal efficiency and durability. Upgrade your milling operations with CME Super Alloy Dies today.

With dedicated craftsmanship, our CME super alloy Dies are 100% forged, machined, and heat-treated in the USA.

Elevate your milling production immediately – CME stock dies can ship the same day!

FEATURES

- **Built-in Stiffener Ring**
  Install dies in half the time, maximizing operational efficiency.
- **Alloy Material**
  Enjoy reduced breakage rates with less brittle, top-tier alloy material.
- **Pre-Polished**
  Say goodbye to break-in periods – our dies come pre-polished for instant use.
- **Less Warpage**
  CME Super Alloy Dies lead the industry with minimal warpage, guaranteeing consistent performance.
- **Ultra-low Friction**
  Less heat, more productivity, and superior quality with reduced power consumption.
- **Extended Life**
  Our dies boast higher hardness, extending their lifespan by up to 50%.

Our equipment is engineered in the USA and supported in the USA
